*** NEWS RELEASE ***

Haz Waste Transporter, PAGE E.T.C., Granted Woman Owned Business Status

August 11, 2006 (Weedsport, NY) – Page E.T.C. announced today that New York State has certified the firm as a Woman Owned Business Enterprise. Page E.T. C. is listed in the State's Directory of Certified Businesses under file # 50156.

"We believe that PAGE E.T.C. is the only woman owned transporter of hazardous waste in New York State and one of the few in the country," states Chairwoman and CEO Debra Titus. "We are proud that New York State has chosen to recognize our qualifications and award this certification."

Page E.T.C. has 100+ semi-trucks engaged in the **bulk transportation of hazardous waste and non-hazardous waste throughout the East, Midwest and South, as well as Canada.** Page's fleet includes mostly semi-dump trailers, along with tank and van trailers and roll-off containers. The firm was founded in 1988; it is based in Weedsport, NY but has multiple offices east of the Mississippi.

"We have a reputation for superior service, which makes us a preferred carrier on many clean-up projects", says President Dan Titus, "but the WOBE designation should be an attention-getter for environmental contractors." Titus refers to government mandates that minority and woman-owned business be used on projects, whenever state and federal money is involved. Page is one of the few trucking companies that helps meet these requirements.

Those interested in conducting business with Page E.T.C. should contact Dan Titus at 800-233-2126 ext. 266.

Page E.T.C. is a wholly owned subsidiary of Keith Titus Corporation and a sister company of Page Transportation Inc., which is engaged in the bulk trucking of industrial products, hazardous materials, and general freight. All three companies enjoy Woman Owned Business status, as designated by NYS: Page E.T.C. Inc. is certified under file # 50156; Page Transportation has file # 50157; Keith Titus Corp. is certified under file # 49538. More background on the companies can be found at www.pagetrucking.com.
